

# JOSEPH ROMSA

---

## PROFILE

I am a highly motivated team member that is quick learning with experience developing and testing in multiple languages using agile development.

## EXPERIENCE

### SOFTWARE DEVELOPMENT INTERN, THE RUSH MARKET, OMAHA 2019

As a software development intern, I helped implement multiple features for the Rush Market website, such as sorting manifests by a certain buyer and creating an employee information page using Vue.js. I also system tested new features for the site using Jira. In addition to software development and testing, I also provided Level 1 Helpdesk support to the entire office.

### SALES ASSOCIATE/FOOTWEAR SPECIALST, UNDER ARMOUR, GRETNA 2016-2019

As a sales associate I worked with people to meet their needs and kept the floor full of product. In addition to servicing people on the floor and selling, I also checked people out. As a footwear specialist I oversee the whole footwear department and keep product full and up to date. In addition, I am constantly working with customers to inform them about our product and to meet their needs.

### PLATTEVIEW TECHNOLOGY TEAM, SPRINGFIELD 2014-2016

As a member of the technology team I worked with iPads, macs, and windows systems. My responsibilities included configuring the devices, troubleshooting problems, and keeping them up to date. I also worked with students and teachers to assist them with problems and keep them educated about the devices they were using.

## EDUCATION
